

Maryland Metrics Fax and Email Permission Form

The Federal Communications Commission (FCC) issued a Report and Order amending the regulations that implement the Telephone Consumer Protection Act of 1991. Among the new regulations were significant changes to the rules regarding faxes containing unsolicited advertisements. These recently issued new regulations that affect your ability to receive information via facsimile (fax) from Maryland Metrics.

Like many businesses these rules change the way Maryland Metrics conducts business via facsimiles with our customers, potential customers and established business partners. To comply with the new FCC rules, we ask that you complete and return this Fax/Email Permission Form so we can continue to provide you with information on products and services, invoices, packing lists, quotations, purchase orders, technical data, advertisements and other business related documents.

These regulations go into affect on July 1, 2005. After that date, Maryland Metrics will not be able to send you a facsimile without a signed consent form on file. It is important that you complete and return this form as soon as possible in order to continue to receive facsimiles and emails from Maryland Metrics.

We very much appreciate your assistance in trying to make certain that our company is in compliance with these new regulations. We thank you for your understanding and we will make every effort to return a similar form to your company promptly should you determine that your business also requires this permission to remain in compliance..

By signing this form you will continue to receive facsimiles and emails.

Please contact Lee Sacks at (410)358-3130 (800)638-1830 or sales@mdmetric.com with any questions.

Please list all fax numbers that can be used to provide you with our information:
